

MIDWOOD

YIDDISH PSYCH FOLK FROM BROOKLYN

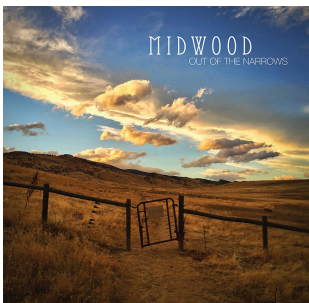

Biography

Brooklyn-based psychedelic Yiddish folk band led by violinist **Jake Shulman-Ment**, Midwood is a contemporary celebration of the Jewish tradition of wandering. This supergroup, featuring some of the most exciting young performers on the international world music stage, seamlessly traverses the borders of jazz, rock, and folk genres through original compositions, expansive improvisations on traditional melodies, and heart-wrenching re-imaginings of Yiddish folk songs. Midwood is currently recording a new album which will be released in fall 2026.
